Northampton Nursing Students

We would like to thank MCP/Hahnemann University for providing a wonderful experience for us at Northampton Community College. Special thanks to Dr. Sandra Krafft and the inspiring faculty - Nancy Corbett, Cathy Davis, Debra Donbar, Beulah Hall, Suzanne Palmer and Mary Walker. We especially appreciate the University making it so easy to get our BSN degree (one day a week)!

The students at Northampton Community College

"Thus we see that the all important thing is not killing or giving life, drinking or not drinking, living in the town or the country, being lucky or unlucky, winning or losing. It is how we win, how we lose, how we live or die, finally, how we choose. Living in this world means choosing, and the way we choose to walk is infallibly and perfectly expressed in the walk itself."

--R. H. Blyth

I can't believe that four years have passed since I met the Class of 1996 and began my own journey at Hahnemann University. We have grown together, through crises and parties and anxiety and joy--I have watched you evolve into caring, committed health care providers; you have taught me a great deal about myself. It breaks my heart not to be with you on May 31st--to see each of you cross that stage and accept the diploma and the degree that you so deserve, to see you don your caps and gowns and move forward in your lives. But from my home in Malawi, Africa, please know that I will be thinking of you on that long-awaited day, and I will send my good wishes and positive karma your way. Remember that you are always welcome in my home--I'll have a mat in my mud hut waiting for each of you.

With love to the Class of 1996--

Kathy Callahan
